

Cape Hatteras Electric Cooperative Sponsored Student Attends Basketball Camp

Meredith Hodges of Cape Hatteras Secondary of Coastal Studies recently attended the Kellie Harper Wolfpack Basketball Academy, held June 20-23. Meredith received a scholarship from CHEC to attend the camp. Winners were selected by a panel of judges based on completion of an application that included a creative essay about the students' reason for wanting to attend the camp. Winning applicants were able to stay in dormitories on campus at NCSU in Raleigh and receive instruction from the schools' coaching staff and players. "CHEC is pleased to give this outstanding student the opportunity to experience life on a college campus and the chance to learn from winning collegiate coaches and student athletes," said Anne Swain. The staff of the Kellie Harper Basketball Academy includes championship winning head coach, Kellie Harper who joined the Wolfpack women last year from Western Carolina University, and current N.C. State Women's basketball players. This staff worked closely with each camper to help develop fundamental basketball skills and motivate them as students to set and achieve goals. This is the seventh year that Touchstone Energy has sponsored young women to attend an N.C. State Women's Basketball Camp and is part of the electric cooperative's ongoing commitment to North Carolina communities.
